Author	Brandon Vickrey, Michael Lee		
Moderator			
Inspectors	Michael Lee		
Recorder	Michael Lee		
Defect #	Description	Severity	How Corrected
1	Code cluttering and inconsistent white-space. Low readability.	1	Formatted code to be more readable by making consistent indents on curly braces and adding white-space between separate entities of code.
2	No proper error-handling for creating popups for actors.	2	Added line in try-catch block which displays an error message if actors/actresses fail to display after double-clicking on their names.
